About

Born Tatenda Nyauswa on 18 January 1993. Gilbertkid is a Zimbabwean rapper based in Chitungwiza. His music is a tribute to his late father Gilbert hence the name Gilbertkid. It all started with poetry in the third grade then he transformed himself into a hip-hop artist in 2011. He is also a renowned risk taker, a holder of Insurance And Risk Management First Class Honours Degree with Midlands State University.

Between 2011 and 2013 he released thirty singles as starters. In 2014 he started a group with Future Boi called Team Ambitious. Together they released four tracks and their videos, "Zvikuflaya ft krombs", "shots shots ft Beav City", "I'm so blessed" and "Amai vanomira neni". In 2016 he decided to become a solo artist. For Gilbertkid it's all about improving himself, hence In 2017 he formed his own record label called "Kaizen Motto". "Kaizen" is a Japanese word which means "continuous improvement". That same year, he released a seven track EP called "Kaizen".

In April 2018 he did a triple drop for videos on the same day, "Hapana chekumiria ft Krombs", "Mamoves" and "Pindirai ft Future Boi". That same year on 15 August he released an album called "strive(Shingirira)" launched on ZI-FM stereo Fixx with Lady K and Pd the Ghost. "Strive" talks about his life struggles, his wins and loses.

In February 2019 he released a video for "ndoda kuva great" and released a single "I'm putting work" ft Bees in April 2019. Right now he is working on an album called "Godly path", a video for "I'm putting work" ft bees and a video for "International stuff" all slated for a 2019 release.
